

MUHAMMAD SHIFAN S

Full Stack Developer (MERN) | Entry-Level Software Engineer

Phone: +916381403151 | Email: muhammasshifan@gmail.com

GitHub: [Click here](#) | LinkedIn: [Click here](#)

Professional Summary

B.com (CA) student with a solid foundation in Full Stack Development (MERN). Actively building responsive web projects and currently expanding technical expertise into DevOps, Cloud Computing and React Native. A proactive learner seeking an entry-level opportunity to contribute and grow in a professional environment.

Technical Skills

Programming: JavaScript (ES6+)

Frontend: HTML5, CSS3, Bootstrap, React.js

Backend: Node.js, Express.js

Database: MongoDB

Tools: Git, GitHub, VS Code

Concepts: REST APIs, Responsive Design, CRUD Operations

Learning: AWS Cloud, DevOps, Linux, React Native

Projects

- **Gym Buddy:** Developed a responsive fitness platform featuring workout plans, trainer information, and BMI calculation functionality. [Click here](#)
- **Task Flow:** Built a task management application for organizing, tracking, and managing daily workflows efficiently. [Click here](#)
- **Mark Master:** Created a marks management system to store, manage, and track student academic performance. [Click here](#)
- **Book Sky:** Implemented CRUD operations using JavaScript for dynamic book management and data handling. [Click here](#)
- **Vocalize (Text-to-Speech):** Developed a text-to-speech application using the Web Speech API for accessibility and productivity. [Click here](#)
- **Explore Tamil Nadu:** Designed an informative multi-page website showcasing all districts of Tamil Nadu with responsive navigation. [Click here](#)
- **Netflix Clone:** Developed a pixel-perfect landing page clone using HTML5/CSS3 to master complex layouts and UI accuracy. [Click here](#)
- **E-Resume:** Designed and developed a responsive E-Resume website to showcase my projects, technical skills, certifications, and internship experience. Focused on clean UI, mobile responsiveness, and professional presentation. [Click here](#)
- **Profile Card Generator:** Created a dynamic tool to render user-inputted data into visual profile cards using JS. [Click here](#)

Internship Experience

Web Development Intern | NoviTech & SkillForge E-Learning

Feb 2025 – May 2025

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Worked on real-world web development tasks and project implementations.
- Improved understanding of frontend development, debugging, and UI design principles.

Education

Bachelor of Commerce (Computer Applications)

SRM Trichy Arts and Science College, Bharathidasan University

2023 – 2026

CGPA: 7.2/10 | Percentage: 76%

Certifications

- Full Stack Development Internship – NoviTech R&D
- Web Development Internship – SkillForge E-Learning
- 30-Day Masterclass in Full Stack Development – NoviTech

Strengths

Problem Solving • Team Collaboration • Quick Learning • Adaptability • Communication Skills
